File Det. K. McCHesney 10-10-75

Mark believes the day was Sunday rather than Saturday and remembers that the skiiers had a chicken dinner that day. Mark was the coordinator for King County Youth for Evans in 1972 and in 1973 ran John Spellman's campaign. At He was also involved in demographies and as Bundy was also involved/interested in that type of theing they had many conversations in 1973.5 Either Bundy or Wallbom was involved in Jim Mattingly's campaign around this time. The last time Wallbom saw Bundy was in early June of 1974. Bundy was walking in red square at the U, wearing a blue button down denim shirt, tan khaki pants, penny loafers and had a beige fisherman's wweater around his neck. This would have been a weekday as Wallbom was preparing to graduate in tw the near future (that quarter) and they discussed that. Bundy stated he had been studing at the law library.

x12 Mark remmmbered distingly what Bundy said when confronted at Lake Sammamish - "Just walking around". Wallbom thought Ted could be the kind of guy to do that sort of thing, but it was unusual for him to be at Lake Sammamish when he should have been at the Republican Convention or

in Tacoma, where his school was.

513 Wallbom thinks he saw Bundy near the U another time that year but does not recall it clearly. He also saw a lot of Bundy during the 1973 campaigns, Wallbom gave the number of Jim Shober, SH7 6326 and his wife Tracy, 455-1234. Wallbom was advised that a statement would be taken from him in the next few days.

3/5 1100 hrs Phone contact with Jim Shober who stated Seattle Police Department had not contacted him and that he would call R/O when he did

not have a client with him.

5/10 Phone contact with Mrs. Ferris who stated she knew Bundy and wished to talk with someone in person regarding him. 5/7 1120 hrs R/O had personal contact with Mrs. Ferris at her residence, 736 NE 56, phone 522 3168/ Mrs. Ferris is 69 years old but has a good memory of her dealings with Ted Bundy 5 She advised that she met him about 5 years ago when he was working as a bus boy at the Seattle Yacht Club. Another person that knew him well there is Kenny Gilman, who is now the chef at the Moose Club by the Seattle Center. Mrs. Ferris recalled Bundy taking men home who were drunk and other employees suspected him of trying to "roll" the cutsomers after hours. Mhe also remembered a young secretary whom Bundy took up into the "Crow's Nest" for sexual purposes ? dundy is a schemer and a sneak according to Mrs. Ferris, and would befriedd older people like herself and live with or off of them. He had little or no money and would borrow money and fail to repay it. He would often borrow Mrs. Ferris' car and be gone into the night. Mrs. Ferris later thought Bundy might be robbing but was afraid of him at the time and still is and requests her name not be used. 37 She got Bundy a job at the Olympic Hotel as a busboy and he worked there for a few months as he did at the Yacht Club. Persons at the Olympic suspected Bundy of breking into the employees lockers and on one occasion Bundy showed Mrs. Ferris a waiter's uniform (new) that he said he had taken from the Olympic : //It was around this time Bundy borrowed some of Mrs. Ferris's china and silver to put on some special sort of dinner for his girlfriend who was a high class girl from San Francisco. Bundy had showed Mrs. Ferris how he planned to prepare and serve an excellent dinner to the girl and put on a British accent for Mrs. Ferris. 5 During this time Bundy had borrowed a car from someone but later got a VW in Tacoma which needed a good deal fof work.

Bundy also had a job at a Safeway store on Queen Anne Hill, stocking shelves at night and he also lived in an apartment on 17th NE and then Mrs. Ferris helped him move to an addres between 1837 and 1847 on The Way Shelly

This was the home of an elderly couple whom Ted lived with. He met them by knocking on doors around the naighborh

One red-brown head hair of Caucasian origin was found among the hairs previously recovered from specimen Q22 which is microscopically like many of the hairs of specimen K4. Accordingly, this hair either originated from the person represented by K4 or from some other individual of the Caucasian race whose head hairs exhibit the same microscopic characteristics.

Numerous hairs of Caucasian origin were found either in or on specimens Q28 through Q33. No hairs were found in specimen Q34. None of the aforementioned hairs were found to be microscopically like the hairs of specimen K4.

The additional microscopic examinations requested and related to homicide victims MELISSA SMITH, DEBRA KENT, KARYN CAMPBELL and SHELLEY ROBERTSON have been conducted and are the subject of separate Laboratory reports to the various jurisdictions concerned. None of these additional comparisons were of probative significance.

It is noted that microscopic hair comparisons do not constitute a positive basis for personal identification.

The submitted specimens are being returned to your department under separate cover by registered mail after additional examinations have been completed.
